## FEATURES

- **Water and Weather Resistant Door-** High Pressure Laminate is resistant to water, UV, scratches, and graffiti allowing the doors to maintain a pristine appearance over time.
- **Indoor Use-** Designed for dry indoor environments, Hybrid Lockers are suitable for locker rooms, break rooms, and staff areas. These lockers are not recommended for areas with direct water exposure or high humidity.
- **Ventilation-** 360° 3mm gap around doors for increased ventilation.
- **Hooks-** 3 Prong rotating hooks come standard with all 1 -2 Tier and Z Style models.
- **Stock Colors -** Choose from a curated list of our most popular color options by leading phenolic suppliers.  
\*Choosing from our stock colors may help expedite lead times.
- **Extensive Lock Options-** We provide a wide selection of lock types and can integrate additional lock options to meet specific requirements.
- **Lower or Upper Cubby-** Available for 1-, 2-, 3-, and Z-style lockers.
- **High-End Customization Options-** Choose from optional polycarbonate colored glass or imprinted images on locker doors for a premium look. Additional features include optional LED lighting and USB chargers, with side-mounted aluminum channels for hard-wired RFID locks and conveniently placed USB chargers.
- **Number Plates-** Adhesive mounted brushed aluminum plates with black etched reveal.
- **Shipped Fully Assembled-** Hybrid Lockers arrive pre-assembled for quick, hassle-free installation, ensuring consistent quality, and structural integrity.
- **Filler and Toe Kick Panels-** Filler panels close gaps between lockers and walls for a seamless, professional finish, while toe kick panels cover the space beneath lockers, preventing dirt accumulation and providing a polished, clean look to the installation.
- **5-Year Warranty-** Our Hybrid lockers come with a 5 year warranty.
