FOREMAN® Traditional Solid Phenolic Lockers

(Solid Phenolic Lockers fabricated using traditional cabinetry technology)

Extra durable and heavy duty product represents our traditional, most popular product line for specific applications when humidity resistance or something (check in the internet) is needed. We use ½" (12mm) or optional 3/8" (10mm) thick material for doors and 3/8" shelves, 3/8" (10 mm) or 5/16" (8mm) thick walls and backs dadoed into top bottom and side walls. Box has the Mortise & Tenon joint secured with stainless steel screws, shelving is in a channels of the walls super secure. Such construction allows us to provide 25 Year warranty for indoor applications though the models are available for outdoor installations with UV-protected layer of compact laminate. All models are available in a Class-A Fire rated material or Chemical Resistant material. Normally ships assembled which saves labor during install. Although when KD shipment is needed the Product has an easy and fast assembling instructions.

FEATURES:

- * Product comes in a **Variety of Standard Sizes and Configurations**. The use of our inventory colors makes **Quick Turnaround Time**. Our stock color program has 5 popular wood grain colors by FUNDERMAX®, the leading manufacturer of Compact Laminate from Austria, and 5 traditional solid colors.
- * **100° Door opening**. The doors are secured on the stainless steel 5-knockle hinges. The doors are either using through bolts design for extra **Heavy-Duty applications** or standard concealed screws for a cleaner look. The product line has **extremely durable** and **anti vandal** construction and valued by high-traffic/schools/colleges facility managers.
- * **Optional polycarbonate colored glass or imprinted image** on the doors of the lockers places the product into hi-end product category.
- * **Optional LED-light and USB charger**. The construction of the lockers features side-mounted aluminum channels for hard-wired RFID-locks or conveniently located wall-mounted USB-charges versa back panel location.
- * **Wide selection of colors by major HPL Manufacturers**. Our stock colors are currently at least 4 solid colors (white, grey, red and blue) and 4 woodgrain colors (Tosca, Maple, Callisto, Monte, Cherry) by FUNDERMAX (Austria) and hundreds of other colors from other manufacturers such as Formica, Wilsonart and others.
- * **Water Resistant**. Materials withstand very humid areas or even direct water, which is a valuable feature for Aquaparks, Swimming Pools and for installations nearby showers. For Outdoor applications we also provide UV-protected doors, side panels and other exterior parts.
- * **Widest selection of lock options**. Beside our selection of pre-engineered pre-set opening for a lock settlement we most likely will be able to integrate most of other lock options.
- * **Lower or Upper Cubby**. The feature is allowed for 1-, 2-, 3- and Z-style lockers.
- * **Optional Bench** sitting on open cubbies or pre-built base.
- * **Unique 25 Year Warranty**.
- * **Standard Class A Fire Rated ½" FUNDERMAX® Material**. Optional other vendor's Class A material is available upon request.
